

Unified Champions 5K At Johnson High School

Participants start near the crosswalk, go counterclockwise along the outer edge of the Western parking lot/Band practice lot and make left, quick right, and quick left to get on to the main drive on the South side of the school. Participants will go left into the Eastern parking lot, right to exit the Eastern parking lot, left through the gate. Participants will follow the road to the North to the closed gate/Northern exit of the school property, turn around, and follow the same route back.

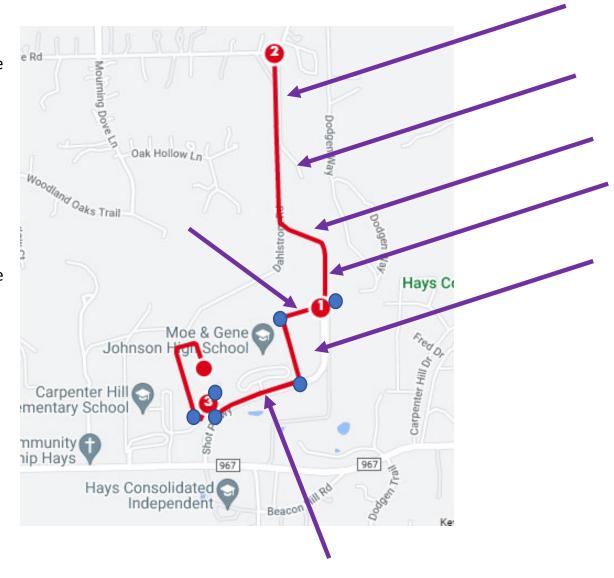

V indicates placement of Volunteers (at every turn and additional to reduce any confusion or incorrect turns)

W indicates placement of Water Station

Gate at the 1 mile mark will need to be unlocked by 6:00 a.m. on race morning.

As much as possible, where purple arrows are pointing, make islands of cones in a line down the center, maybe five in a line, then a few yards further do another 5 cones in a line, to give the reminder to stay right, without lining the whole course with cones Couple with "STAY RIGHT" sandwich boards.

The blue dots indicate turns: use approximately 4 to 5 cones to create a curved edge, blocking other routes. Couple with arrow boards.

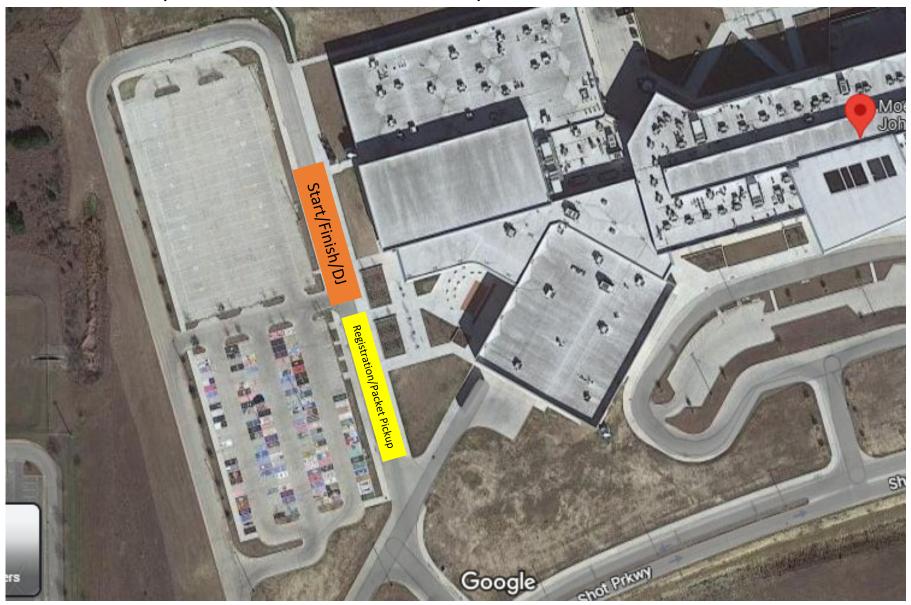

Unified Champions 1K At Johnson High School

Participants start near the Crosswalk, go clockwise along the outer edge of the Western parking lots almost in an oval shape.

Unified Champions 5K and 1K/Festival setup
